

GODAVARI FOUNDATIONS
DR. KETKI PATIL COLLEGE OF NURSING, JALGAON
REPORT ON NATIONAL PHARMACOVIGILANCE WEEK 2026

SEMINAR | 22 SEPTEMBER 2026

GODAVARI FOUNDATIONS
DR. KETKI PATIL COLLEGE OF NURSING
JALGAON

SEMINAR ON
NATIONAL PHARMACOVIGILANCE
WEEK 2026

17TH – 23RD SEPTEMBER 2026

THEME
“Promoting Rational Use of Medicines through Pharmacovigilance – A Step Towards Safer Healthcare”

GUEST LECTURE

DR. BAPURAO BITE
ASSOCIATE PROFESSOR
IN DEPARTMENT OF PHARMACOLOGY
GODAVARI FOUNDATIONS
DR. ULHAS PATIL MEDICAL COLLEGE AND HOSPITAL
JALGAON

DATE
22 SEPTEMBER 2026

TIME
10:00 AM – 11:00 AM

VENUE
Dr. Akshata Patil Hall
(Guste Lecture)

WHAT IS PHARMACOVIGILANCE?

Pharmacovigilance is the science and activities relating to the detection, assessment, understanding and prevention of adverse effects or any other drug related problems. It ensures that the benefits of medicines outweigh their risks.

YOUR ROLE AS A NURSE

- Administer medicines safely and correctly.
- Observe and assess patients for any unusual signs or symptoms.
- Report ADRs or medication errors promptly.
- Counsel patients to adhere to therapy and follow up.
- Encourage patients to report ADRs themselves.

WHY IT MATTERS IN NURSING?

- Ensures patient safety and prevents harm.
- Supports rational use of medicines.
- Reduces length of stay, cost and morbidity.
- Builds trust and improves quality of healthcare.

*Be Vigilant.
Be Responsible.
Be the Voice for Patient Safety.*

Together, through Pharmacovigilance we promote Rational Use of Medicines and build a culture of **Safer Healthcare for All.**

PROMOTING RATIONAL USE OF MEDICINES THROUGH PHARMACOVIGILANCE – A STEP TOWARDS SAFER HEALTHCARE

REPORT ON NATIONAL PHARMACOVIGILANCE WEEK 2026

1. Event Details

Particular	Details
Name of Programme	Seminar on National Pharmacovigilance Week 2026
Theme	Promoting Rational Use of Medicines through Pharmacovigilance – A Step Towards Safer Healthcare
Date	22 September 2026
Time	10:00 AM – 11:00 AM
Venue	Dr. Akshata Patil Hall, Dr. Ketki Patil College of Nursing, Jalgaon
Guest Speaker	Dr. Bapurao M. Bite, Associate Professor, Department of Pharmacology, Godavari Foundations, Dr. Ulhas Patil Medical College and Hospital, Jalgaon
Participants	Nursing students and faculty members

2. Introduction

Dr. Ketki Patil College of Nursing, Jalgaon, under Godavari Foundations, organized a seminar on National Pharmacovigilance Week 2026 to create awareness regarding medicine safety, rational use of medicines and the prevention and reporting of adverse drug reactions (ADRs). The programme was conducted for nursing students and faculty members as an academic activity supporting safe and responsible clinical practice.

3. Objectives

- To create awareness about pharmacovigilance and patient safety.
- To promote rational and safe use of medicines.
- To explain the importance of identifying and reporting adverse drug reactions.
- To strengthen nurses' role in medication safety and patient counselling.
- To encourage responsible and evidence-based clinical practice.

4. Programme Proceedings

The guest lecture was delivered by Dr. Bapurao M. Bite, Associate Professor, Department of Pharmacology. The session covered the basic concept of pharmacovigilance, patient safety, rational medicine use and the importance of timely reporting of suspected adverse drug reactions and medication errors. The speaker also highlighted the responsibilities of nurses in safe medication administration, observation of patients, documentation, reporting and patient education. The session was informative and clinically relevant for the participating students.

5. Key Learning Outcomes

- Pharmacovigilance plays an important role in detecting and preventing medicine-related harm.
- Nurses are in a key position to observe patients and identify unusual signs or symptoms following medication administration.
- Suspected ADRs and medication errors should be recognized, documented and reported promptly.
- Rational use of medicines promotes effective treatment while reducing avoidable risks.
- Patient counselling and education support safe medicine use and treatment adherence.
- Interprofessional collaboration contributes to better medication safety and quality of healthcare.

6. Felicitation and Participation

The guest speaker was felicitated with a sapling as a token of appreciation. Nursing students and faculty members actively participated in the programme. The session provided an opportunity for students to relate pharmacology concepts with their clinical responsibilities and patient-safety practices.

7. Photographic Documentation

Felicitation of the Guest Speaker

Group Photograph with Nursing Students and Faculty Members

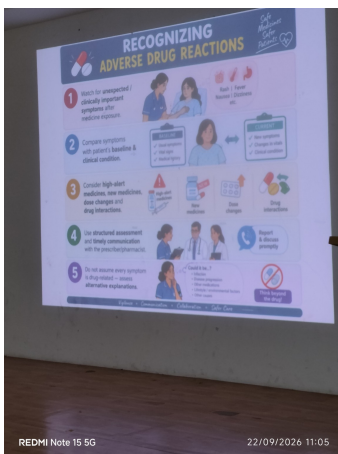

8. Photographic Documentation – Continued

Guest Lecture on Pharmacovigilance and Patient Safety

Session on Empowering Nursing Leadership in Pharmacovigilance

Learning Session: Recognizing Adverse Drug Reactions

9. Conclusion

The National Pharmacovigilance Week 2026 seminar was successfully conducted at Dr. Ketki Patil College of Nursing, Jalgaon. The programme enhanced awareness among nursing students regarding pharmacovigilance, rational use of medicines, adverse drug reaction reporting and the importance of patient safety. The session reinforced the role of nurses as responsible members of the healthcare team in promoting safer medication practices.
